Sounds good.

Thanks
Ben R. Singh

That's it. They used their old table, even though we sent them the new template and told them what to do.

I should finish my review next week, and then, I'll get with you. I agree. I don't expect any major issues, and we'll make the completeness deadline with no problem.

Hi Terry:

What do you mean the AG Table is wrong? Not updated?. I have a copy in my file with my hand written comments. Looks like Mr. Cruise sent it to you on June 1st and you forward it Rob and me on June 8th., 2018. We sent him an email on June 8th., 2018 on our preliminary review minus the AG Statement. I don't think we followed up on the AG statement with the fiasco on the MOAs. Anyhow we can take care of the AG statement on Monday. Just keep in mind that the completeness review letter has a November 14th., 2018 projected date. Barring any unforeseen events we can still send the letter and continue to work on minor edits. Looks like they used their previous AG statement. If that is the case all they have to do is to update it. So far what from what I have reviewed it looks good with a few citations to add. It should be that much more to do on it.

Thanks
Ben R. Singh

So far, I have only checked a few items, but the AG Table is wrong.

Ben, Terry, I hope all is well. Just wanted to touch base with you in regards to ADEMs SPA package submittal. Since we have not heard from you I will assume that you have all that you need from us. However, if you should need anything additional please let us know.

Thank for all of your help and we hope to hear from you soon.

Good afternoon, Ben. Thanks for your email notifying the Department of the EPA's acceptance of ADEM's UST SPA application. Per our conversation earlier today, the Department has forwarded via Fed Ex a response to Bill Truman's email of October 10, 2018 (the cover letter to that response is attached).

Should you, Terry or Bill need any additional information or clarifications, please do not hesitate to contact Sonja, Michael Cruise, or me.

Best regards,

Clethe

Subject: Alabama State Program Approval Application Submission to EPA

Hi Sonja:

EPA is please to notify Alabama Department of Environmental Management (ADEM) that we have received the State of Alabama Underground Storage Tank State Program Approval (SPA) Application on October 10th., 2018. Alabama's SPA Application submitted to Region 4 Administrator has been officially logged in as received on October 10th., 2018 in the Office of the Regional Administrator and has been transmitted to Region 4 UST for review and approval. The UST Program will first conduct a "completeness review" to determine if additional information is needed and will follow with ADEM as necessary. Thank you for meeting the SPA application deadline of October 13th., 2018.

Ben R. Singh
Region 4 SPA Coordinator
